

# HOLE SAW

## MODEL LVHS

Hole Saw

Arbor Pilot Bits

1/4" x 2-7/8" Lg (IL Arbor)

1/4" x 4-1/4" Lg (2L Arbor)

### DESCRIPTION:

The Lansdale, "Hole Saw" Model LVHS is made from a high speed steel (HSS) alloy that assures a smooth clean cut when cutting through carbon steel pipe. These hole saws are designed with elongated slots to enable coupon removal and dissipate heat which improves efficiency and provides a longer lasting life. The hole saw design features an alternating tooth size and separation which insures faster cutting speeds and cleaner holes.

### The Lansdale Hole Saw comes in the following sizes:

3/4", 7/8", 1", 1-1/8", 1-3/16", 1-7/16", 1-1/4", 1-1/2", 1-3/4", 2",  
2-1/8", 2-1/4", 2-1/2", 2-3/4", 2-7/8", 3", 3-1/8", 3-1/4", 3-1/2",  
3-5/8", 3-3/4", 4", 4-1/2", 4-3/4"

IL Arbor - 3/4" - 1-3/16" Hole Saws

2L Arbor - 1-7/16" - 4-3/4" Hole Saws
